

To whom it may concern:

K-love is the only station I listen to. If it is removed, my family and I will have no suitable station to listen to. There are so many foul DJ's out there and the lyrics to the other music is not something I care to listen to. Please do not remove this station, as it serves our community. It is the only positive station in our area that follows the Bible. Other stations may be positive, but they have untrue comments made. Please keep this station alive in our area.

Thank you, Ellen Larsen-Flores
